Network Searched: PHCS

Product Searched: Practitioner & Ancillary

Directory includes Practitioner locations (299 found)

Your search criteria includes:

Network: PHCS
ZIP Code: 17901
Radius (miles): 20

Provider Type

All Primary Care

If your directory includes practitioners, then be aware that they may have more than one specialty. While all those listed do specialize in the above area(s), they may have a different main specialty.

Provider information contained in this directory was last updated earlier today and therefore may have changed, as provider information changes frequently. Please report any data inaccuracies in this listing to MultiPlan at 866-814-7427 or msaprovidersearchdqrpt@multiplan.com. This information is not a promise of benefits or a guarantee of the provider's availability under your health plan.

Before you receive care, you should contact:

- * The provider to confirm participation in the network at a specific location, and whether the provider is accepting new patients
- * Your health plan at the telephone number listed on your member ID card to verify your benefits, eligibility and whether services are covered under your plan. You can also contact your health plan or your employer's human resource representative if you are having difficulty finding a participating provider that meets your needs.

Important Notices

The participating providers listed in this directory are independent contractors and are not employees of MultiPlan. They are paid a discounted, negotiated fee for services they provide. All healthcare decisions are between the patient and the provider, and MultiPlan does not participate in the patient-provider relationship.

For language assistance, call 866-981-7427.

*Providers are grouped by their main specialty, which may not match the selected criteria. In those cases, the selected specialty is secondary.

**Certain limitations regarding access to this healthcare provider may apply to your plan. Before seeking care from this provider, please be sure to confirm access by calling the provider, or by calling MultiPlan at 866-680-7427.
